

# 9440 AREA LIGHT

The 9440 is a rechargeable floodlight which extends to over 2 metres to offer a high and wide area of light. It retracts telescopically to less than a metre, making it very easy to transport. It is maintenance free and uses super tough LED lamp modules, combined with a lithium ion battery for up to 8 hours of continuous light. The 9440 is able to run directly from mains power if needed and can be left on charge indefinitely which makes for an invaluable emergency tool.

## SPECIFICATIONS

Lumens:	Low - 1400 Med. - 2800 High - 5300
Lamp Heads:	1
Number of LEDs:	12
Light Mode:	Floodlight
Beam Spread:	125°
IP Rating:	65

## BATTERY

Battery:	Lithium-Ion (included)
Run Time:	Low - 8h Med. - 4h High - 1h 50m
Recharge Time:	3h 45m

## SIZE & WEIGHT

Dimensions:	Head: 200 x 200 x 89 mm Closed: 950 x 200 x 200 mm Full: 2159 x 910 x 910 mm
Weight:	7.30 kg

## COLOURS

 BLACK  YELLOW
